

**O U R
G R A T I T U D E**

We want to thank you for your generous efforts in helping us obtain our goal of building the Hays High School (HHS) Fitness and Strength Facility. Pride and excellence are developed in first class facilities. We want our children to benefit from the best facilities in Western Kansas. Your contribution and participation in providing a first class facility will make a lasting impression of pride and excellence on many lives at HHS and with the families of our community. By beginning early in young people's lives, this facility will help establish a lifetime of healthy habits that will continue into a lifestyle of proud tradition.

A Tradition of Pride

The Benefits:

- A sense of pride and an expectation of excellence for our students, staff, and community
 - Recruitment and retention of area youth to Hays High programs
- Recreational / health benefits for students and faculty
- An increase in the quality of student life - fostering a positive and healthy body image.

An Expectation of Excellence

The Facts:

- Approximately, 7,000 sq. ft.
- Will serve over 100 students per class period
- Will benefit all students and sports
- Top of the line weight equipment
- Speed, agility & plyometric training

Funding:

- Facility generates **\$150,000** through New Facilities Weighting
 - *The first 2 years that students occupy a new building in a school district, additional funds are given to the district as a 'weighted' percentage in the school funding equation. These funds will be used to benefit the district as a whole.*
- Community support through tax deductible donations will make this facility a reality. Your tax deductible donation can be made to:
